Appeal Reason & Supporting Documents

As there are limited rooms available, only appeals with very strong justification will be considered.

In the space below, do state the reasons of your appeal concisely and why campus housing is important to you. (Limit: 1,000 characters).

Some rooms may be available from fourth week of January to mid of February due to withdrawals from students. If there is a room for you, we will notify you via your NUS student email. Please check your email (including spam folder) regularly during this period. If you do not hear from us by end of February 2021, it would mean that we are unable to offer you a room.
